About Me:

I am a confident and outgoing person with great personal skills. I am very technically minded and enjoy using and working with today's ever changing technology. I have always had an interest in motorsport and the automotive industry, particularly from a design point of view. My current goals are to pursue my ambitions within post-production, promoting myself as a freelance editor and to take up any opportunities of work experience that I can.

Work Experience/Employment:

Tangerine Films, Pinewood Studios, Slough: September 2005, May – June 2006 & March 2008

Position: Video Editing Assistant

Duties included brainstorming ideas for new car commercial on TV, learning and using Final Cut Pro edit software and overseeing how items for television or promotional videos are thought up and put together.

Jaguar Prototype Design Centre, Jaguar Cars Ltd, Coventry: March 2005

Position: Assistant CAD Modeller

I spent this time being taught CAD systems and overseeing the design process of prototype cars.

Global Beach Ltd, Fulham, London: August 2004

Position: Website Tester/Design Assistant

Working alongside professional Web Designers, learning about the process of how websites are designed on paper and brought onto computers and eventually to the web.

Hill Top Garden Centre, Ramsden, Oxfordshire: January 2004 – September 2004

Position: Sales Assistant and Kitchen Porter

Working in the Café of the garden centre, duties included serving customers, preparing and serving food & handling money.

Systems and Solutions, Witney, Oxfordshire: June 2003 – August 2003

Position: Computer Repair Technician and Sales

Duties included repairing computers and helping customers in the shop and over the phone.

Films:

Insomnia (2007) – Sound Editor

Life After Life (2008) – Visual Editor – Screened at Viewfinder festival & in Korea

White Birch (2008) – Sound & Visual Editor

Domino's (2009) – Visual Editor

Education

BA (Hons) Digital Film Production

BTEC National Diploma: Media Studies (Moving Image) Triple Merit

Five GCSE C's – Including Science, English & Maths

Skills:

I am very technically minded, I can build/repair computers. I also have knowledge of a number of software packages including:

Apple's Final Cut Studio 2 Suite (Final Cut Pro, Soundtrack Pro & DVD Studio Pro)

Adobe Creative Suite CS3 (Photoshop, Flash and Dreamweaver)

I am currently teaching myself Avid Express Pro with plans to learn Apple's Motion, Color and Shake Packages.

Referees:

Lecturer at University of Gloucestershire
